IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

DECEMBER 18, 1995

To establish, on a temporary basis, the John A. Wilson Building Foundation, a nonprofit foundation, for the purpose of developing long-term plans for the use of the John A. Wilson Building and to develop long-range fundraising plans to pay for the renovation of the John A. Wilson Building.

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Establishment of the John A. Wilson Building Foundation Temporary Act of 1995".

Sec. 2. The Council of the District of Columbia finds that:

*Note, Section
09-701*

(1) Pursuant to section 601 of the Omnibus Spending Reduction Act of 1993, effective November 25, 1993 (D.C. Law 10-65; D.C. Code § 9-701), the Council has the exclusive authority to determine the use, management, maintenance, operation, repair, renovation, security, lease, and sale or other disposition of the building located at 1350 Pennsylvania Avenue N.W., known as the John A. Wilson Building ("Wilson Building").

(2) The Wilson Building is the traditional seat of local government located on Pennsylvania Avenue, the main street of the Nation's Capital, and a source of pride and hope for our District residents

(3) The Wilson Building is in need of renovation and restoration, and contains environmental conditions which should be eliminated to provide a safe and healthy working environment and to ensure compliance with all federal and local building regulations.

(4) Because of the current fiscal state of the District government, funds are not available to make expenditures estimated at \$47.1 million to \$60 million to renovate and restore the Wilson Building.

Sec. 3. Establishment of the Wilson Building Foundation.

(g) No more than 15% of the monies deposited in the Fund may be used by the Foundation for operating expenses of the Foundation, including the cost of maintaining the Fund.

(h) If within one year of the effective date of this act, the Foundation has not raised over \$1 million in contributions, all funds remaining in the Fund at that time shall be returned to the donors or grantors on a pro rata basis minus the administrative costs limited by subsection (g) of this section associated with returning the monies.

ENROLLED ORIGINAL

Sec. 9. Enactment of the Establishment of the John A. Wilson Building Foundation Temporary Act of 1995 is not expected to have any adverse fiscal impact upon the District of Columbia government. The purpose of this act, like the purpose of the related Wilson Building development plan approved by Council Resolution 11-272, is to ensure that neither the District government nor the Council will be subject to any financial responsibilities associated with the renovation and the restoration of the Wilson Building. The District has neither operating nor capital funds necessary to address serious environmental and structural deficiencies which have existed in the Wilson Building for several years and which continue to worsen.

Under the development plan approved by Council Resolution 11-272, the entire cost of renovation, restoration, temporary Council relocation, and future operational costs of the Wilson Building will be covered by the financing to be obtained from the GSA lease of part of a renovated and expanded Wilson Building. The development plan will preserve and modernize an historic asset of the District government at no cost to the District. Moreover, because the District government currently pays approximately \$680,000 for the annual cost of maintenance and operations of the Wilson Building, the development plan will result in a substantial positive fiscal impact upon the District government.

If funds are raised by the Foundation to buy out or substitute for the financing to be obtained from a GSA lease, then additional District-government owned space will be available for occupancy by District agencies which are currently leasing space, which would result in an undetermined amount of positive fiscal impact upon the District.

Although section 7 provides the Secretary to the Council with the responsibility for administering the Foundation, the costs of such administration either will be derived from the funds to be raised by the foundation or will be absorbed by the Council within its overall budget.

The contribution of funds to the Foundation would be tax deductible. In the unlikely event that such contributions were above and beyond the ordinary contribution levels of residents and businesses in the District, such tax deductible contributions could result in the loss of tax revenues to the District. Under the worst case scenario of this unlikely event, if \$40 million were raised for the Foundation from contributions from District residents or businesses, and if all of this \$40 million in tax deductible contributions would not have been made for other charitable purposes if the Foundation did not exist, then the loss of tax revenues from such contributions could be as high \$3.8 million, assuming a 9.5% tax rate for District residents and businesses contributing to the foundation.

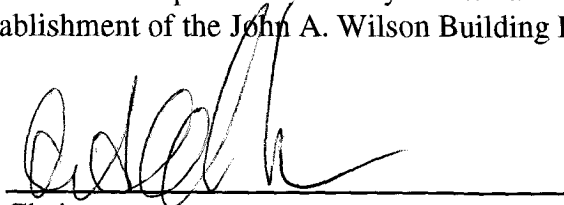

Sec. 10. Effective date.

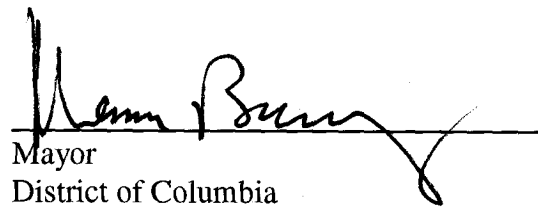

(a) This act shall take effect following approval by the Mayor (or in the event of veto by the Mayor, action by the Council to override the veto), approval by the Financial Responsibility and Management Assistance Authority as provided in section 203(a) of the District of Columbia Financial Responsibility and Management Assistance Authority Act of 1995, approved April 17, 1995 (109 Stat. 116; D.C. Code § 47-392.3(c)), and a 30-day period of Congressional review as provided in section 602(c)(1) of the District of Columbia Self-Government and Governmental Reorganization Act, approved December 24, 1973 (87 Stat. 813; D.C. Code § 1-233(c)(1)), and

publication in either the District of Columbia Register.

(b) This act shall expire after 225 days of its having taken effect, or upon the effective date of the Establishment of the John A. Wilson Building Foundation Act of 1996, whichever occurs first..
