D.C. LAW 1-8

In the Council of the District of Columbia

June 20, 1975

To amend the Motor Vehicle Regulations of the District of Columbia to provide for the identification of organ donors.

Be it enacted by the Council of the District of Columbia, That this Act be cited as the "Organ Donor Identification Act."

Section 2. Section 2:209 of title 32 of the District of Columbia Rules and Regulations (relating to Motor Vehicles) is amended by adding at the end thereof the following:

"(d)(1) The Director shall provide a method permitting an individual making application for a license, or renewal thereof, or for an identification card, to designate that he or she has elected pursuant to the District of Columbia Anatomical Gift Act (D.C. Code, Secs. 2-279) to be a donor of his or her body, or an organ, or part thereof for the purposes of transplantation, therapy, medical research, or education.

"(2) Upon such designation, the Director shall make a suitable notation on the license or identification card of that individual identifying that individual as one who has signed an anatomical gift card. Such notation shall not constitute legal authority, under the District of Columbia Anatomical Gift Act, for the donation of any body, or the removal of any organ, part of an organ, or part of a body, upon that person's death. Such notation shall be removed from such license or identification card only after thirty days written notice has been given to the Director by the licensee.

"(3) No such notation may be made on the license or identification card of any individual under the age of 18 years."

Section 3. The amendment made by Section 2 shall take effect 60 days after the effective date of this Act.
