(c) If, at the end of any fiscal year of the District following the issuance of bonds, the value of cash and investments in a Special Energy Assessment Bond Debt Service Account exceeds the amount of all payments authorized by this act and the Financing Documents applicable to that series of bonds, including required deposits into reserve funds, amounts to be set aside for additional series of bonds, and any coverage requirements associated with the sale of the bonds, during the upcoming fiscal year, the excess shall be transferred to the General Fund of the District of Columbia, unless the District elects to use the excess to redeem that series of bonds prior to maturity. - (G) Energy recovery systems;
- (H) Daylighting systems;
- (I) Renewable energy improvements; and
- (J) Any other modification, installation, retrofit, or remodeling approved as a energy cost-savings measure by the administrator.

(9) "Quality Assurance Program" means a program that establishes the energy benchmarks, monitors and verifies the quality of the energy retrofits and renewable energy installations, and measures actual energy savings for the National Capital Energy Fund.

#### Sec. 202. Creation of the National Capital Energy Fund.

(a) There is established as a nonlapsing fund the National Capital Energy Fund. The Chief Financial Officer shall create 2 accounts within the National Capital Energy Fund: the Bond Proceeds Account and the Federal Grant Account. The Chief Financial Officer shall deposit the proceeds from each sale of the PACE bonds into the Bond Proceeds Account and shall deposit all Energy Efficiency Conservation Block Grant Retrofit Ramp-Up funds received from the United States government as Energy Efficiency and Conservation Block Grants into the Federal Grant Account.

(b) All funds deposited into the National Capital Energy Fund, and any interest earned on those funds, shall not revert to the unrestricted fund balance of the General Fund of the District of Columbia at the end of a fiscal year, or at any other time, but shall be continually available for the uses and purposes set forth in this section without regard to fiscal year limitation, subject to authorization by Congress.

(c) The Mayor may use the funds in the National Capital Energy Fund to make energy

efficiency loans to property owners for the initial costs of the installation of energy efficiency improvements. Each energy efficiency loan shall be repaid by the revenues generated by the Special Assessment. Each energy efficiency loan shall be evidenced by a loan, or other, agreement that obligated the property owner and all successor property owners to pay the Special Assessment and includes such other terms and conditions as the Mayor shall determine to be necessary or appropriate to carry out the provisions of this act.

(d) Prior to the 1<sup>st</sup> issuance of PACE bonds, each energy efficiency loan funded from grant proceeds shall bear interest at a rate equal to the interest rate on 10-year United States Treasury Notes on the date of the execution of the loan or other agreement evidencing an energy efficiency loan of the 1<sup>st</sup> series of energy efficiency loans to be issued, plus 250 basis points. Upon the 1<sup>st</sup> issuance of PACE bonds, the interest rate on the outstanding energy efficiency loans used to secure payment of that issue of PACE bonds shall convert automatically, and without action by either the District or the property owner, to the interest rate on the 1<sup>st</sup> series of PACE bonds, plus an amount determined by the Mayor to be sufficient to pay all administrative costs specified in section 102. Thereafter, until the interest rate is converted as described in the prior sentence, all energy efficiency loans shall bear interest at the rate of interest on the series of PACE bonds issued immediately preceding the date of execution of the energy efficiency loan, plus an amount determined by the Mayor to be sufficient to pay all administrative costs specified in section 102. In all cases, the principal, interest, and administrative costs shall be separately stated to permit the allocation thereof as provided in this act.

(e) If the 1<sup>st</sup> source of funds deposited in the National Capital Energy Fund is not a grant but an obligation which requires the District to repay principal and interest thereon, the energy efficiency loan, or other, agreement shall be structured to repay such funding source plus administrative costs. Special Assessment payments shall be deposited in the same manner specified in section 102.

(f) A Special Assessment payment received prior to the issue of bonds secured by the Special Assessment payments may be used to provide a debt service reserve fund for the bonds.

#### Sec. 203. Qualification for loans.

(a) To qualify for a loan from the National Capital Energy Fund, the property owner shall file with the administrator a loan application containing the following:

- (1) The amount of loan requested;

the energy efficiency improvement exceeds the amount of the principal of, and interest on, the energy efficiency loan;

(6) Credit information and information regarding the subject property as determined by the administrator; and

(7) Property owner certification that the Special Assessment will not violate any agreements with any other lender or provision of applicable lender consents.

(A) All applicable business licensing, insurance, tax, and bonding laws and regulations of the District of Columbia; and

(B) All applicable federal and District wage and hour, employment, workplace health and safety, and equal employment opportunity laws, and other standards of labor law, including proper classification of workers;
